CHAIRMAN

Education is not preparation for life, education is life itself”

-John Dewey

“Role of education cannot be validated in a single frame. It is the axis of our human development and elixir of human life. Pioneers in every ancient civilization had highlighted the role of education in a society. It is social responsibility of every individual to work for the betterment of the society and offer a great platform for upcoming generation of young. To nurture them in the grounds of education, I personally stick to the notion that it is a collective devoir of parents, teachers and institutions. Collectively these trio plays a pivotal role in providing a quality education.

Maruthi group of institutions always aims at the welfare of our students, faculties and satisfying the parents concern about their ward's future. Providing meritorious education in a semi – urban locality is a challenging task. Maruthi group, from the moment of starting our journey, had a vision that it should be emulative to a metro institution in providing good opportunity in overall development. In various occasions in the past our management proved that it eyes at the personality development of rural children to place themselves in a company, government job, as well as getting an engineering under graduation seat in a reputed College. In the last decade, our students had utilized the available resources of our institutions and had shined like stars.

Inevitability of schooling in shaping children is advocated by many Psychologists. Tamilnadu is one of the leading developing states because of its prioritizing approach towards school education for the last five decades. MMS Prepares students to understand, contribute to, an succeed in a rapidly changing society, this making the world a better and more just place. MMS will ensure that our students develop both the skills that a sound education provides and also lead in generating practical and theoretical knowledge. Our MMS also follows the foot path of our pioneers and we create an environment which nurtures necessary skills for the school students.

Teaching is a complex profession, to foster a 'teacher' too is an intricate one. Our Maruthi College of Education has all the much needed infrastructure to equip the 'student teachers' to start their carrier and prepare themselves for eligibility test like TNTET, CTET, PGTRB etc. We offer them everything they need with experienced faculties.

We are always grateful to our students those who had achieved milestones in their life which started here at Maruthi. I could see alumni of our institution excelled themselves and as equipped as one from a metropolitan background. I always believe our young minds and they must be an important asset for the country.

Next, the role of our faculties in articulating the tender soul is inevitable. This institution owes our faculties much, they were the face of us. We are successful because of their hard work. The dedication of them brought us many feathers in our cap. They are always sportive and optimistic in their approach. Training students in rural section is not a 'piece of cake' but our faculties have never surrendered themselves in winning the battle. They will fight until the neck of the moment.

Finally, I am grateful to the parents who choose our institutions. Without the support of parents, it may not happen. We have strong roots in this field because of the hope they had on us.

In conclusion, I firmly believe there should be a triangular bond between parents, teachers and students. Management is just a catalyst in amplifying the bond. We need to strengthen the bond and achieve a lot in the future, I congratulate all this section to work fruitfully and taste the victory at every stage of life.

Thank you.
With regards.

SECRETARY

As Indians ,we must, of course, learn from our past ,but we must remain focused on the future .In my view,

Education is the true alchemy that can bring to India its next golden age. The present times call for the students to be multifaceted to increase the prospectus of success and growth in their life.

Maruthi group of institutions M.V.South created on 1996 which we strived to strike balance between academics and co-curricular activities to provide our students and opportunity to discover their scholastic potential and other talents to bring out the best in them. The main reason was that bring our parents wanted to build this institution in the rural area that the students were in a situation where their studies were halted because they could not go outside. Students of Maruthi are prepared unbeatable Benchmarks created by our students in the college level list year after year and a notable record of placements in reputed colleges. Maruthi educational institutions include Maruthi polytechnic, Sri Maruthi Polytechnic ,Maruthi College of Education, Maruthi Higher Secondary School ,Maruthi Matric School ,Maruthi hotel management which we have created Laboratories with all the necessary facilities for the students of Maruthi here all the courses are taught and processed in quality and sent to the best college and even the best companies to land a good job without any impact on their work.we are proud to say that our MPTC students dominance in the biggest companies still high till date and even better in Hyundai company there is not a single vehicle that is not touched by our students. It's a matter of immen's pleasure that the students of our institutions are attaining excellence in all the fields of academics. We lay stress on imparting quality education to our students for their all round development in order to Cater to the needs of the society and to achieve Global excellence . Moreover management of Maruthi Educational Trust are working enthusiastically to make the educational institution into a University . The student centric academic structure aims at the overall development of the students. it also aims at developing outstanding professional skills. Our institution provides the space for enhancing various skills like sports, arts,extra- curricular and co- curricular activities and also provides a student friendly environment to make the learning process much easier. the future main aim is to serve the students of different economic and educational backgrounds in the society with an affordable admission cost. On behalf of Maruthi, I welcome all the students to come and join this journey full of life changing experience.

TREASURER

Excellence is never an accident. It is always the result of high intention, sincere effort, and intelligent execution; it represents the wise choice of many alternatives- choice, not chance, determines your destiny.On the completion of 26th years of imparting quality education to Maruthi students. I feel immense pleasure in being associated with Maruthi Group of Institutions. the institution has lived up to its Legacy of promoting and maintaining good academic practices by initiating excellence and creating an environment conducive to the overall grooming of its students. I congratulate the principal, the faculty members and the non teaching staff on their dedicated and persistent efforts in carving for themselves amongst one of the top educational institutions of Salem District and helping the students to excel in both academic and co-curricular activities in a competent capacity. over the years the Maruthi Group of Institution has ensured immense contribution to the community at large providing human resources that have achieved academic excellence and have brought laurels to their college by making it big in the political ,economic and the social arena.i wish the students, the teaching and the non teaching staff the best a resounding success in all their future endeavours.

With best wishes.

Departments of NSS, YRC, Physical Education, career guidance, Red Ribbon Club and Entrepreneur cell, service for the multi-factted development of our students.

I wish the best of fortune peace and prosperity to all those who contribute the nobal task of spreading education and its manifest qualities, aims and objectives.

With love and affection

S.SAKTHIVEL B.Tech, M.E Vice-Principal&Head Department Of Mechanical Engineering

A hearty welcome to the Department of Mechanical Engineering at Maruthi Polytechnic College The department runs a Diploma program in Mechanical Engineering. Our department vision is to be excellence in value based on Engineering Education.

The department has well qualified and dedicated faculty. The department strives to impart knowledge and training to students in latest technologies. The objective of the department is to prepare students for a successful career in Industry, Research and Academics to meet the needs of growing technology. Our efforts are to develop the ability among students to synthesize data and technical concepts for application to product design. The department provides an opportunity for students to work as a team member or as a project leader on multidisciplinary projects. It provides students with a sound foundation in the mathematical, scientific and Engineering Fundamentals necessary to formulate, solve and analyze engineering problems and to prepare them for higher studies as well as research. We promote student awareness for life-long learning and to introduce them to professional ethics and codes.

The department formulated a Mechanical Engineering Students Association (MEA). Various activities of these professional bodies and chapters provide student to gain knowledge and interact with students and staff of other colleges as well as Industry Engineers. The department encourages students to take part in various competitions and I wish all have to success in future.

Thank you

R. SARAVANAKUMAR M.E., HEAD Department of Civil Engineering

Welcome to Department of Civil Engineering, Department of Civil Engineering was established in 2003. Civil Engineering is a professional engineering discipline that deals with the design, construction and maintenance of the physical and naturally built environment, including works such as bridges, roads, canals, dams and Buildings. Our department has a team of qualified and experienced faculty and staff members. We always work with the motto

” NOTHING CAN BE ACHIVED WITHOUT A TRUE EFFORT”

Our students learn the fundamentals of engineering by performing experiments in our well-equipped laboratories such as Surveying, Material testing lab, Hydraulics, Environmental & Concrete technology lab. The department is having well equipped auto cad lab with internet connectivity.

Students enjoy the regular industrial visits, Plant visits & Extensive survey project based on their curriculum and scope of the study. That's why; Maruthi Polytechnic has been the first choice for parents since last couple of years in All Branch along with all other Colleges in the entire region.

I am confident that the students of the civil department would justify the credibility of the department by showing a high level of professional competence in their respective field.

I wish Best of Luck to all of them.....!!!

DEPARTMENT OF COMPUTER ENGINEERING

**MR.M.VENKATESAN
HEAD OF THE DEPARTMENT**

It gives me immense pleasure to lead the department of our College is one of the premier institutions, unique like a prism reflecting the manifold shades of learning and co-curricular activities.

The very motto of our department is to provide quality education. The process of learning is extremely important in life. What you learn, how you learn and where you learn play a crucial role in developing ones intellectual capability, besides career. Hence on behalf of our Computer engineering, I welcome you all to computer engineering department at Maruthi Polytechnic College. Along with academic knowledge. Computer Engineering also trains its Engineers to face the challenges in life by providing many value added courses to enhance their career prospects. The excellent infrastructure, teaching faculty of the best kind ensuring quality education such as interaction among students, parents and staff, along with a Training and Placement Cell ensures a bright future to its students.

**B. JAYACHANDRAN M.Sc., M.Ed.,
HEAD
DEPARTMENT OF FIRST YEAR ENGINEERING**

I am extremely pleased to learn that Maruthi Polytechnic College is bringing out its magazine. My heartily congratulation and best wishes. The college magazine is a platform for youngsters to showcase their creativity.

Welcome to our First year Engineering department that provides knowledge and tools that enable bright minds to become engineers. They use fundamental mechanics to integrate uncertainty and to navigate conflicting objectives inherent in successful engineering course.

We aspire to mould our students into globally competent and well-chiseled engineers who can meet the challenges of technological advancement. A well-qualified and competent faculty with well-equipped labs is made available to provide an excellent teaching methodology for nurturing the students into excellent engineers as well as good human beings.

I am immensely happy to know that MPTC magazine is the expression of the Vision and Mission of the college. I admire the efforts put in by all in bringing out this artistic magazine.

“I wish all successful future with best wishes”

**V.Henri rajesh, M.E,
HOD/ECE Dept**

Welcome to Department of Electronics and Communication Engineering. Department of ECE established in the year 2001. Our goal is to raise the standard of rural students.

Now a days we are very close to electronics. Because all the things we use in our daily life are electronic things. For example Mobile phone , Watch, Microwave Oven, Television, Other telecommunications devices, Security camera in homes, Computers, Cells that generate electricity from solar power in homes, so why even LED bulbs have come in homes now.

Apart from this automatic devices that automatically open the door if a fingerprint is placed in some office for security reasons and alarms used in banks to prevent robbers from showing their finger prints , are all the evolution of this electronics. So at the base of it all is electronics. In this department employment is very high.

Further there is a lot of opportunity to be self-employed and set up a service centers. There is a huge demand for talented young people both at home and abroad. Thus students have a great future if they study Electronics and Communication Department.

Thank you to all.

Welcome

to Department of Automobile

Engineering. Department of Automobile Engineering established in the year 2004 with the aim to produce competitive and dynamic engineers who are easily fit in the requirement of the industries as well as serve the society with great concern for human values.

We have a team of highly qualified, experienced and dedicated faculty members who cater to the all-round development of students. On behalf of entire department I wish success to all the students for their curriculum as well as co-curriculum activities.

“ANY MAN CAN LEARN ANYTHING HE WILL, BUT

NO MAN CAN TEACH EXCEPT TO THOSE WHO WANT TO LEARN”

With choice-based credit systems, students are being trained to become industry ready through various tracks as industry-internship & project, experience, and entrepreneurship development. The objective of the department is to prepare students for a successful career in Industry, Research and Academics to meet the needs of growing technology.

I am certain that our students will prove to be successful managers and administrators throughout the state where an engineering approach to problem solving and ability to independent learning is highly valued.

"Believe in your dreams and they may come true,
Believe in yourself and they will come true."

Over the years the college magazine has provided an opportunity for students to portray their topics of interest and share their ideas .I feel extremely happy to speak to You through this Magazine, about SHREE MARUTHI POLYTECHNIC COLLEGE run by MARUTHI EDUCATIONAL TRUST

In recent years, when our students are concerned more about their academic excellence, they have to be coaxed, persuaded and encouraged to exhibit their writing talents. The response of the students in contributing articles to the magazines was really over whelming. The student's articles contributed for the college magazine has shown their intellectual Insight and their excellent command on language.

Once again, I like to encourage our students to keep "Aim always High", as high as the sky to be good citizens and leaders of our beloved country. I wish you all the best for your future & endeavor.

ABOUT US

Shree Maruthi Polytechnic College was started in the academic year 2008-2009. This institution is situated at 13 KM from Attur, Salem-Chennai National High Way (NH-79). The main objective of starting this polytechnic college is to impart technical education to the students from rural area and create qualified technicians in our country for the needs of expanding industrial growth I the light of globalization. This institution is established by a very rich team of trust members belonging to teaching profession and industry.

The trust members have taken it as a challenge to nurse the technical education in this rural area and create a new lively atmosphere in this area, which would explode as a "Technical Revolution". The polytechnic college maintains a high order of discipline and academic excellence and all the admitted students have to observe strictly the norms, rules and regulations of the institution and they must be prepared for a disciplined and well settled life.

The institution has it has own attractive campus with full fledged permanent buildings and well equipped laboratories as per AICTE and DOTE norms. The institution has appointed a well experienced principal and staff members. Thus the establishment of this institution fulfills the long felt needs of the students of this area who aspire for technical courses.

DEPARTMENT OF ELECTRICAL AND ELECTRONICS ENGINEERING

On behalf of our students and faculty, it is my privilege to welcome all of you to the Department of Electrical And Electronics Engineering at Shree Maruthi polytechnic college. We take pride in our faculty, a team of highly capable and dedicated professionals, most of whom have academic and industrial experience and degrees from leading universities of the Tamilnadu. We provide ample opportunities to our faculty and students, through in -house for further growth and development in their areas of expertise.

We at EEE Department are committed with the following objectives:

The Department has taken up the task of developing competent Electrical engineers of high quality, capable of facing various challenges of the power situation in the country

To produce graduates who are able to apply the technical skills which they have learnt in the department in order to serve the State and National Industries and PSU's.

To produce graduates with the necessary background and scientific skills to work professionally in several fields in particular with IT Industries and Power sectors.

To train and encourage the graduates for personal and professional success with awareness and commitment to their ethical and social responsibilities, both as individuals and in team environments.

Prepare and train the graduates who are proficient of maintaining and improving their technical competence through enduring learning, including entering and succeeding in an advanced degree program in a field of Science & Technology

We incorporate stronger ethical and enterprising values in our academics to face new challenges in the area of Electrical and Electronics Engineering.

On the whole, we are committed towards creating and erecting professional graduate community which is vivacious and provides continuous learning. We Encourage students, parents, prospective faculty member to go through the information provided on the website and join us.

CAME TRUE....

இராணுவ வீரன்
தன் நலமின்றி தாயகத்தை காக்கும் தவ புதல்வன் அவன்.
மரணத்தை எதிர்த்து மண் நலம் காக்கும் மாவீரன் அவன்
இறந்தாலும் பல மக்களின் மனதில் வாழ்வதால்
அமிழ்தம் அருந்தாமலே சாகாவரம் பெறுகிறான்
மரணப் பாதையிலும் சென்று மக்களை காக்கிறான்
இவன் துயரை யார் அறிவார்? அறிபவர் போராடுவோம்
தன் நலம் காக்க அல்ல தாயகத்தை காக்க.....

FORWARD

Maruthi College of Education was started in the year 2007 with the aim of imparting the required quality education and train students to be excellent teachers who could produce good citizens, and thereby an egalitarian society. The college has served its purpose in the long run.

Many of the trained teachers have been placed in the government sectors and others in renowned educational institutions. Needless to say it's the hard work of all the Principals and the teacher-educators who have served and who are still on service.

And this magazine is the best example of the toil of all the staff and students of this college. I would like to quote Dr. Radhakrishnan,

“The end product of Education should be a free creative man, who could battle against historical circumstances and adversities of nature”.

I am happy that MCE has produced a magazine

I have started my journey to explore nature!

And paralised through the astonishing feature!

The soppy grass longs for the smile of the glittering sun.

The rivers flow with great bliss.

For the comrade who hides behind

The mountain and crawls in the sky to bless.

Rivers hug the thirsty plants

Who tilt nearby in the twilight?

The tress weep to make the soil merry.

Expecting the rain as an last night

Birds chirp to make the fruits ripen

With the mellow touch of the breeze

Flowers bloom to catch the dewdrops

And fade which make the hearty freeze

The restless sea insist me to fight

Against evil and to spread defence.

The peaceful rocks indicate me to stay strong

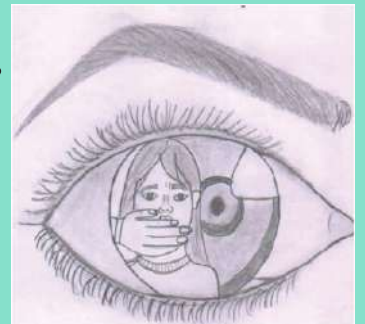

And express the sign of silence

To the world , Nature is a wall of kind

To me, Nature is a feast for mind!

Maruthi Matriculation School

**M.SUGANTHI
PRINCIPAL**

Warm Greetings to all on this special occasion of 27th Silver jubilee year annual day! The term 'education' encompasses more than just knowledge and knowing. It is a harmonious blend of academia, arts, sports, emotions, attitude, creativity, nature and life all alike.

As we honor each year those wonderful individuals who have made a contribution to our school throughout the years, we too will be remembered by those 'yet to be members' of this school community in the future years. The school life teaches a child to adopt and manage people from diverse backgrounds. That is why the role of a school in a student's life is very important and it is considered to be their second home.

On this remarkable occasion let me fondly remember our founding chairman, secretary, treasurer with reverence and seek their blessings in his absence for all the zealotness that we require to guide generations forward. My best wishes to Maruthi Matriculation School, our management, staff, students, parents, well – wishers and all those who are associated with this institutions. I pray that god almighty in his divine benevolence continue to lead and guide. This prestigious institution for years to come.

Go from strength to strength and march forward Maruthi Matriculation School. Grow strong and walk onward and onward!

Best Thank You!!!

அனைவருக்கும் வணக்கம்

SCHOOL

School is something, we must all embrace.
Knowledge we need, to seek out and chase.

Sports, clubs, and activities, at every single turn.
So much to do, study and learn.

To get the most from school, we should consistently attend.
Around each corner, there's always a friend.

Our favorite teachers, are friendly and kind.
Their passion and job, to expand every mind.

Just remember to learn, at your own space!!!

பணவீக்கம் (Inflation)

பண வீக்கம் மக்களின் பொருளாதாரத்தை சார்ந்தது. பண வீக்கம் மக்கள் வாழ்வில் பெரிய பாதிப்பை ஏற்படுத்தும். பணவீக்கம் என்பது தொடர்ந்து விலைவாசி உயர்வு ஏற்படும் நிலையாகும். உதாரணம் -1975 ஆம் ஆண்டில் ஒரு லிட்டர் பால் விலை ரூபாய் 3/- தற்போது 2022 ஆம் ஆண்டில் ஒரு லிட்டர் பால் விலை ரூபாய் 60/- ஆகும். இதன் காரணம் பால் உற்பத்தி பற்றா குறையல்ல, உற்பத்தி செலவு அதிகம் இல்லை. நாம் பயன்படுத்தும் பணத்தின் மதிப்பை குறைக்கப்பட்டுள்ளது. தற்போது அனைத்து நாடுகளும் பயன்படுத்தும் பணம் காகித பணம் (Fiat Money) or (Paper Currency). இப்பணத்திற்கு உள் மதிப்பு இல்லை.

இப்பணத்தை அரசு விநியோகிக்கப்படுவதாலும், உத்திரவாதம் கொடுப்பதாலும் மக்கள் அரசு மேல் வைத்திருக்கின்ற நம்பிக்கையாலும் இந்த காகித பணம் இயங்கி வருகிறது.

I Adore My School.

Education is an essential part of our lives. Nothing without knowledge,
and education is what separates us from others. The main step to
acquiring
education is enrolling oneself in a school. School serves as the first
learning
place for most of the people. Similarly, it is the first spark in
receiving an

education. My school is more than simply an educational
institution; it is my second family. I adore my school!!!
